Project Management

Jira

Projects

CSPCB WebApplication

CS Department Panchayat College Bargarh Web Application

This dynamic web application for the Computer Science Department of Panchayat College Bargarh, built using the MERN stack (MongoDB, Express, ReactJS, Node.js), integrates frontend and backend with CORS and REST APIs for seamless data fetching. It features dynamic notices, a gallery of departmental events, and efficient management of student and alumni details. The app also includes an attendance system with date-range-based reporting and PDF export functionality, offering a modern and responsive interface for streamlined data management.

Certificates

- Java with DSA and System Design
- JavaScript by Infosys springboard
- Time management by Infosys springboard
- Agile software development by Infosys
