Profile

Experienced and results-driven Java Developer specializing in developing and maintaining robust web applications. Proficient in Java with a strong background in leveraging cutting-edge technologies to deliver high-quality software solutions. Adept at problem-solving and committed to continuous learning to stay updated with industry trends. Passionate about contributing to dynamic teams and driving project success through technical excellence and creative problem-solving.

Education

Bsc. in Computer Science, Sambalpur University

08/2021 – 04/2024

CGPA :- 8.5 , 80%

Skills

Programing Language

Java,C,C++

Java Technologies

Java,JDBC,J2EE,Servlets

Frameworks

SpringBoot,Hibernate

Databases

MySQL,MongoDB

Version Control

Git

IDEs

VS Code,NetBeans

Operating Systems

Windows,MacOS

Web Technology

HTML,CSS,JavaScript,PHP

Projects

CMAS(cmas.co.in), College Mark Automation System

Developed a dynamic web application using HTML, CSS, JavaScript, and PHP for managing student marks. Implemented full CRUD (Create, Read, Update, Delete) operations to efficiently handle student results. Designed a MySQL database for secure storage and quick retrieval of student records. Ensured seamless user interaction and data manipulation through robust front-end and back-end integration.

Payment Management(studied.rf.gd)

Developed a comprehensive web application for managing student fees, facilitating seamless registration for all students. Engineered a MySQL database to securely store and manage student payment data, ensuring efficient data handling and retrieval.

Courses

Java with DSA and System Design 2.0 course, PW Skills
